

TRANSITION TO WORK

Our service delivery plan

A guide for Participants

If you are aged between 15 and 24, we at Nyamba Buru Yawuru (NBY) want to help you find a job and keep it. As an Aboriginal organisation we understand cultural appropriateness, respect and the need for a safe and friendly place where we can work together to ensure good Liyan (feeling) and a smooth transition into employment.

Our experienced team provide practical support to develop your work readiness by:

- welcoming you to our team at NBY – the place of the Yawuru, Broome where we understand cultural appropriateness and have created a safe place where mabu liyan is strong,
- assisting you in furthering your education
- connecting you with work experience opportunities
- identifying employment opportunities in the area

Our commitment to you

Joining the team:

We will welcome you to our TtW youth space at NBY, where we encourage respect and a sharing of the values of the Yawuru people. We will work with you to identify your strengths, aspirations and vocational skills the challenges you face in finding a job.

Having a game plan:

We reach a deal on 'who does what' or an individual Job Plan that identifies your barriers to finding employment and what services and activities are available to improve your work readiness. We work out the best way to stay in contact and continually review your Job Plan on a regular basis.

Furthering your education:

During the course of your placement with NBY we provide support and assistance to help you complete your education. We will support your transition back into mainstream schooling and/or assist you to enrol at TAFE or other registered training organisation (RTO).

The world of work:

We want you to get some real work experience and will help you to find short-term placements in workplaces that you've got an interest in. These opportunities will enable you to check out different kinds of work and employers to see what you're like. They may be full-time over 4 weeks or a couple of days, or in-house at NBY working on/ with community, culture or country.

Landing a job:

TtW is what it's all about – getting paid job, achieving a Cert III qualification or finishing year 12. This might be apprenticeship or traineeship where you do paid work and education at the same time. Our help doesn't stop here. We will continue to support you so you will stay in your job or complete your training.
